SUMMARY

Motivated Software Engineering student at Addis Ababa University with experience building web applications using React.js, Node.js, Laravel, and databases. Eager to apply programming and problem-solving skills to practical projects.

EDUCATION

Addis Ababa University

Expected: June 2028

Bachelor of Science in Software Engineering (GPA: 3.66 / 4.0)

Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming, Fundamentals of Networking

PROJECTS

Book Review Application

Technologies: React.js, Node.js, Express.js, MongoDB

- Built a full-stack web app where users can search/save books, read/write reviews.
- Integrated Google Books API for comprehensive search results.
- Implemented JWT authentication for security.

Notes Application

Technologies: React.js, Node.js, Express.js, MongoDB

- Built a CRUD-based notes app where users can add, update, and delete notes.
- Implemented JWT authentication and RESTful APIs.

Library Management System

Technologies: Laravel, MySQL

- Created a system for managing book inventory, user borrowing, and return tracking.
- Implemented role-based access control for librarians and students.

E-commerce Application

Technologies: Laravel, MySQL

- Built an e-commerce platform with admin and user roles using Laravel Breeze authentication.
- Implemented product listing, order management, and checkout logic.

EXPERIENCE

Kuraztech

July 2025 – September 2025

Backend developer intern
Addis Ababa, Ethiopia

- Completed a 1 month Laravel backend development training.
- Contributed to an Interactive Learning Platform for Ethiopian children as part of a team.
- Developed admin dashboards (CRUD operations for users, lessons, and content).

TECHNICAL SKILLS

Programming Languages: JavaScript, Python

Frameworks and Tools: React.js, Node.js, Express.js, Mongoose,, Git

Database: MongoDB, MySQL
